has the most successful line  
of video games  
in the coin-op industry?**

# Surprise! It's Williams Electronics!

# Take a look at every Williams video game.

**It's one top-profit arcade game after another  
for a perfect record of winners!**

Starting with DEFENDER, our very first entry into the video game field and recipient of the award for the highest earning game of 1981, we've never produced anything less than the best. STARGATE, MAKE TRAX, ROBOTRON 9084, MOON PATROL and JOUST established new generations of technology, sophistication, innovation and play. Proven winners all, they're still on location and still earning after months and months of operator acclaim and hot player action.

# Now take a look at our latest.

## We take great pleasure in introducing some new additions to our line.

Williams brings back the fun of good old FANTASY. The playfield features a kaleidoscope of colors. The simplicity of video game die-hards and the simplicity of reliability to operators. TIME FANTASY pinball at a good old-fashioned price.
